

<p>How to use Google Meet on a phone, tablet, or Ipad</p>	
<p>You will need a Gmail account to join a teacher's Google Meet session if you are using an iPhone, iPad or Android device.</p>	
<p>Download and open the Google Meet app. You can download the Google Meet App from the App store on an Apple device or on the Play Store using an Android device.</p>	
<p>Tap Sign in to log in to the Google Meet app with your Gmail account on your mobile device. It is best to use student's WRPS Gmail account.</p>	
<p>If you see this message, tap Continue</p>	
<p>If you see your WRPS Gmail account, tap it and enter your password.</p>	
<p>If you do not see the Gmail account you want to use, tap Use another account</p>	

<p>Enter your log in credentials, tap Next.</p> <p>Then enter your password and tap Next.</p>	 
<p>Tap Got it.</p>	
<p>After logging in, tap Enter a Meeting code.</p>	
<p>Enter the code the teacher provided in an email or in Google Classroom.</p>	

<p>Tap Join meeting.</p>	
<p>On the next screen, tap Ask to join.</p>	
<p>A message will be sent to the teacher alerting her that someone would like to enter the meeting.</p>	
<p>They will click either deny entry or admit. You will see the teacher on your screen if the teacher has admitted you into the Meeting.</p>
